

FAA Safety Team presents:

# **Hybrid! - VMC Club Meeting - KCHD - Mastering the Art of Aviation**

**\*\*This is a hybrid meeting. Please see below for specific instructions before registering.\*\***

Since the Air Commerce Act of 1926, the process of obtaining a pilot medical has become increasingly complex, intrusive, and involved. The FAA's present system of obtaining a medical certificate involves a large number of questions about possible conditions which can result in deferral or denial of a medical certificate. Since it is now possible for airmen to fly using Basic Med or light sport privileges, medical applications should be handled with care to preserve these opportunities.

This talk will review the FAA medical application process and how to best proceed in the event of potential medical concerns. It will also discuss alternative ways to fly without a current medical certificate.

Speaker: Peter N. Steinmetz, MD, PhD is a research neurologist who is a GA pilot and flight instructor in single engine land airplanes and gliders with an instrument rating.

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and
